President and Members
Education for Adults in Ladakh-Himalaya
Switzerland

Subject: Appreciation Letter for Establishment of Association

Respected Madam Trudi,

First of all I would like to congratulate and appreciate you and your team members to establish an Association is called “Education for Adults in Ladakh-Himalaya in Switzerland. The association is a very important key of the project in order to play the role and to implement of any kind of project’s program activities in the field of community welfare.

This is a good idea that you established the society in the name of **Education for Adults in Ladakh-Himalaya**. This kind of project will be very helpful and useful in far-flung, remote and backward in rural area villages in Himalaya through adult education in reading, learning and a way of speaking to the adults (young girls and boys) who have no opportunity for schooling and learning in the rural villages.

The association can also promote the grammar language development in reading, writing and speaking in English, Ladakhi/Tibetan, Urdu and Hindi, which are very essential for the students in schools too.

The aims and objectives of the association are very good in valuable things and solid points, which are really important and necessary for the rural villages. I am really proud of your ideas and thoughts brought right and valuable things.

I am assured you that positively from my mind, speech and body are agreed and ready to co-operate your association project to make it successful achievement for long term sustainable development for backward and rural area villages and its inhabitants.

Yours sincerely,

Sonam Dorje
